Hosting The BMW Championship:
150,000 fans, National Media & Economic Impact.

The BMW Championship will bring up to 150,000 fans to Wilmington Country Club in August making it one of the largest sporting events in the history of Delaware. The event will produce a substantial economic impact: ticket sales to date are outpacing last year's tournament held near Baltimore that drew 130,000 fans with an estimated \$50 million impact on the local economy. Over 2000 volunteers will help stage the event. Wilmington Country Club will undergo an extensive onsite building program to provide for grandstands, a revamped South Course and media facilities.

The BMW Championship hosts the top 70 golfers in the world and is part of the \$75 million purse FedExCup playoffs. All tournament proceeds benefit the Evans Scholars Foundation, which awards full college tuition and housing scholarships to caddies.

Thomas C. Humphrey serves as Wilmington Country Club's Tournament Committee Chair for the 2022 BMW Championship. Tom retired from the DuPont Company in 2002 after a twenty-eight year career, which included serving as president of Dupont Asia Pacific LTD. After retiring, Tom participated in the start-up of a privately held manufacturing business, while also competing nationally in senior amateur golf tournaments. Tom graduated from the University of Virginia.
